Secondary School**

PROFILE

Motivated and dedicated Front-End Developer. Skilled in HTML,CSS and Java Script. Passionate about creating efficient and reliable Webpage. Strong problem-solving and teamwork abilities. Eager to contribute to software development process

PROJECTS

Portfolio Website - using HTML,CSS and Javascript

- My portfolio represent who am and showcases all of my projects. You can explore my work through this portfolio. Creating my portfolio website helped me learn how to implement HTML, CSS, and JavaScript effectively.
 - In the footer section of this portfolio website, I added contact information and a contact form. When a visitor or recruiter fills out the contact details, I receive the form data in my Google Sheets.
 - This portfolio website design is completely responsive for all screen devices, including mobile phones and tablets.
 - This project has helped me acquire the skills necessary to create a responsive portfolio, enhancing my front-end development capabilities.
-

bookwrack - notes-taking app using HTML,CSS and JS

- this bookwrack project is a note taking app ,where we could add book titles, author book names, and book summaries.
 - building this project i can understand JavaScript DOM Manipulation. The ability to save, edit, and correct entries made it a comprehensive exercise.
 - It allowed me to practice working with user input, data storage, and DOM manipulation.
