SSLC (April 2018)

MeenakshiMatricHigher Secondary School

PROFILE

Motivated and dedicated Front-End Developer. Skilled in HTML,CSS ,JavaScrip and React js. Passionate about creating efficient and reliable Webpage. Strong problem-solving and teamwork abilities. Eager to contribute to software development process

PROJECTS

Portfolio Website - using HTML,CSS and Javascript

- My portfolio represent who am and showcases all of my projects. You can explore my work through this portfolio. Creating my portfolio website helped me learn how to implement HTML, CSS, and JavaScript effectively.
- In the footer section of this portfolio website, I added contact information and a contact form. When a visitor or recruiter fills out the contact details, I receive the form data in my Google Sheets.
- This portfolio website design is completely responsive for all screen devices, including mobile phones and tablets.
- This project has helped me acquire the skills necessary to create a responsive portfolio, enhancing my front-end development capabilities.

Eat Out - using React JS

- It's a Frontend Online Food Ordering Platform Developed and implemented an intuitive, user-friendly graphical interface that enables customers to easily browse and purchase food items.
- Interactive menu with category-wise food selection, allowing users to efficiently choose desired items Real-time cart functionality, automatically updating as users add or remove food selections.
- This project provides a comprehensive solution for a food delivery service, covering all essential aspects from user interaction to payment processing.
